There are several modes to run around in You can play online via Live against up to three other players, which is passable multiplayer support but nothing spectacular, or choose to solo it in arcade or street modes.. The better you do in a race the more respect points you get and the better chance you have of keeping your girlfriend or winning a new one.. After you're done tinkering you can plop the car on a Dyno to see how it performs.. More about Street Racing Syndicate This game for Windows is available for users with the operating system Windows 7 and former versions, and you can download it in English. Basically you cruise the streets looking for pick-up races or pre-arranged affairs.. The only thing that saves this game from the bargain bin is high-end graphics and sound and a near pathological attention to car mod details.. Its current version is 2016 and its last update happened on 1/04/2017 Street Racing Syndicate Download.. I gotta say, the game's view of women is a little disturbing, but I suppose they think they're reflecting the racing culture.. The game doesn't just let you modify your real world car's look and feel with generic items; everything in this game is real world replicas.. So it's no surprise that Street Racing Syndicate, the latest gaming attempt to cash in on the love of illegal street racing and car mods, is no great game.. 21 GB) SRS: Street Racing Syndicate screenshots: In a storyline inspired by films like The Fast and the Furious, Street Racing Syndicate has players making a name for themselves in the high-stakes world of underground street racing.. Players begin by creating Street Racing Syndicate is a guaranteed route to boredom.. You also race for cash; winning money by placing first, second, or third or beating drivers you placed a side-bet with..
